Julian Coda-Forno

Munich – Germany
(+33) 630103455 • julian.coda-forno@helmholtz-munich.de
juliancodaforno.github.io • juliancodaforno

Languages: French (native) | Spanish (native) | English (fluent)

Research Interests

Large Language Models; Meta-Learning; Cognitive Science; Deep Learning; In-context Learning; Reinforcement-Learning; Decision-making; Mechanistic Interpretability

Education

ELLIS: Helmholtz AI/LMU & Google DeepMind **Munich & London**
PhD in Machine learning *2022–2026*
Supervisors: Dr Eric Schulz (Helmholtz AI/LMU) & Dr Jane X. Wang (Google DeepMind)
Topic: LLMs' behaviour and decision-making from a cognitive science perspective

University College London (UCL) **London, UK**
MS.c in Data Science & Machine Learning, Distinction (82.6%) with Dean's List *2020–2021*
Supervisors: Prof Neil Burgess (UCL) & Dr Zafeirios Fountas (Huawei)
Title: "Leveraging episodic memory in model-based RL"

University of Manchester **Manchester, UK**
BEng Aerospace Engineering, First class Honours *2015–2019*

Experience

Huawei **London, UK**
Visiting Research intern (10 months) *2021–2022*
Collaborated with Huawei Neuromorphic Computing Group for my UCL Master's research thesis and pursued the research further. Investigated how the neuroscience concept of episodic memory could be used in model-based reinforcement learning for more sample efficiency in complex tasks and environments.
Accepted paper at MemARI (2022 NeurIPS workshop)

Rolls-Royce Plc **Birmingham, UK**
Software Engineering Intern (12 months) *2018–2019*

Supervision

Natalia Scharfenberg: Osnabrück University, Master Thesis: "LLM's representations for RL" *2023*

Awards

Dean's List: top 5% of student achievement within the faculty of Engineering *2021*
Distinctions of the jury: 14th French Olympiads of mathematics - Nice Academy *2014*

Summer schools

MIT Brains, Minds & Machines Summer Course: Woods Hole, USA *2023*

Invited talks

Harvard Efficient-ML seminar series
"Rising star speaker" - Tutorial on meta-learning in deep neural networks *2024*

Reviewing

Conference on Neural Information Processing Systems (NeurIPS) 2023

Research papers
